

Tru-Foliar™

A - O - K

1-0-24

GUARANTEED ANALYSIS

BY WEIGHT

Total Nitrogen (N)	1.0 %
1.0 % Urea Nitrogen	
Soluble Potash (K ₂ O)	24.0 %

Derived from Urea and Potassium Organic Acids.

F1194

Complexed with Organic and Amino Acids.

- Keep out of direct sunlight during storage for extended periods.
- Store at room temperature above 40 degrees F.3

DIRECTIONS FOR USE

FOLIAR APPLICATION RATES

Add **Grigg Brothers Ultraplex™** to any **Grigg Brothers** foliar application at the rate of 3 fl. oz. per 1000 sq. ft. **Ultraplex™** contains micronutrients. **Ultraplex™** is a unique formula, no additional surfactant is required.

For best results apply as a foliar spray early in the morning or late evening. Allow to dry on plant 3-6 hours before irrigation.

COOL SEASON TURF GRASSES: Apply 1-3 ounces/1,000 square feet. Repeat as needed.

WARM SEASON TURF GRASSES: Apply 2-6 ounces/1,000 square feet. Repeat as needed.

Foliar fertilizer is intended as a supplement to a regular fertilization program and may not, by itself, provide all the nutrient normally required by crops or other intended plants.
